

Clear room names inspire bookings

Show the best offer for every room type. Clear, comparable listings improve the booking

Manual correction efforts of developers are reduced up to 90%

Show the best offer for every room.

GIATA Room Mapping standardizes room types across suppliers, so travelers can clearly compare rooms and see the best available offer for each category, increasing transparency, conversion and trust.

Benefits for your business

- **Instantly normalize data**
Room types are automatically unified under one name.
- **Boost customer confidence**
Reduce booking errors and compensation costs.
- **Upsell and convert**
Identify best available price for each room type and improve conversions.

Build trust with clear room data

- **Protect your reputation**
Avoid complaints caused by misunderstood bookings.
- **Clean search results**
Eliminate the appearance of duplications in travelers' searches.
- **Manual work eliminated**
Say goodbye to time lost to lengthy cleanup efforts.

“With GIATA, our clients can instantly identify the best rates across room categories - bringing clarity, speed, and sales performance.”
